Re: Provision of Instructional Services during Remote Learning Days

Dear Families:

As you are aware, due to concerns with the COVID-19 global pandemic, Governor Pritzker issued Executive Order 2020-05 closing all public and private schools in Illinois serving pre-kindergarten through 12th grade students through April 30, 2020. Beginning on April 8, 2020, the District will begin implementing its Remote Learning Days Plan (www.esd20.org).

As part of the Remote Learning Days Plan, teachers may deliver instructional services to your child using online platforms, including, but not limited to, Google Meet and Zoom. A prominent feature of each of these platforms is that students and parents will have the ability to see teachers and classmates during an instructional session. While providing instructional services using these online platforms, teachers may record their lessons so students unable to participate can review the lessons at a later time. As a result, your child may be recorded while participating in the class.

If you have any concerns regarding your child's participation in these groups through the above platforms during Remote Learning Days, especially regarding your child's privacy or confidentiality rights, please contact your building principal.

Sincerely,

Dr. Omar Castillo

Dr. Omar Castillo
Superintendent
